

## Shared Kitchen Guidelines

Renters share responsibility to keep the kitchen clean.

---

**Wash, dry, and put away** your dishes every time you use them.

**Wipe down** counters, stove, and sink every time you cook.

If the trash can lid **cannot close completely**, take out the trash and leave an empty trash bag behind you.

**Store your food** and personal items only on your marked spaces.

**Wash, dry, and fold** dirty kitchen towels so there are always clean ones ready.

---

**Let's keep this space clean and usable for everyone!**

Thanks for doing your part ❤️
